

Team Members:

Nishit Grover (grovernt@mail.uc.edu)

Anay Abhijit Joshi (joshi2an@mail.uc.edu)

Senior-Design Project Mentor:

Professor Nitin Nitin (nitinfu@ucmail.uc.edu)

Team Members' Meetings:

Bi-Weekly every Saturday evening (around 5:00 p.m.)

Project Focus:

“**Furrfect**”, a web application that is a specialized social media blog app designed exclusively for pet owners. It provides a platform where users can share daily moments from the lives of their pets while accessing valuable resources on pet healthcare, adoption information, maintenance tips, and veterinary services. The app aims to foster a supportive community for pet lovers, offering tools and valuable advice to enhance the well-being and happiness of pets...

Team Members' Role:

All tasks will be divided **50%** amongst both of us (Nishit and Anay) for better learning and grasp of the technology(s)/programming language(s) which would be used in our capstone (senior-design) project.

Nishit Grover - **50% of the Project**

Anay Abhijit Joshi - **50% of the Project**
