

Project Hours Log (Up to April 5, 2025)

Fall Semester

08/22/24, 3:00 - 4:30

- * Initial meeting to align on the project vision and goals.
- * Discussed core features: login, sign-up, user dashboard, and Google authentication.
- * Set up a shared repository and initialized the project structure.
- Collaborative Total Time: 1:30
- Nishit: 1:30 | Anay: 1:30

08/29/24, 3:30 - 5:00

- * Implemented the basic routing setup using controllers for key components (login, signup, dashboard).
- * Discussed integration of Firebase for authentication.
- Collaborative Total Time: 1:30
- Nishit: 1:30 | Anay: 1:30

09/05/24, 4:00 - 6:00

- * Worked on integrating Firebase for Google authentication.
- * Anay spent an additional hour resolving a routing issue in the sign-up component.
- Collaborative Time: 2:00 | Individual Time (Anay): 1:00
- Nishit: 2:00 | Anay: 3:00

09/12/24, 3:00 - 5:30

- * Developed controllers for login and signup forms with validation.
- * Debugged JWT token handling for user sessions.
- * Nishit spent an additional hour refining the middleware for token validation.
- Collaborative Time: 2:30 | Individual Time (Nishit): 1:00
- Nishit: 3:30 | Anay: 2:30

09/20/24, 4:00 - 6:00

- * Implemented user dashboard functionality with protected routes using JWT.
- * Tested Google authentication flow end-to-end.
- * Anay worked an additional 30 minutes on the user dashboard layout.
- Collaborative Time: 2:00 | Individual Time (Anay): 0:30
- Nishit: 2:00 | Anay: 2:30

10/01/24, 3:30 - 6:00

- * Integrated Google authentication with JWT token generation and storage.
- * Debugged issues with token expiration during logout.
- * Nishit spent an additional hour documenting the authentication flow.
- Collaborative Time: 2:30 | Individual Time (Nishit): 1:00
- Nishit: 3:30 | Anay: 2:30

Project Hours Log (Up to April 5, 2025)

10/15/24, 3:00 - 5:30

- * Enhanced user dashboard with session-based data display.
- * Anay spent an additional hour implementing dynamic UI components for the dashboard.
- Collaborative Time: 2:30 | Individual Time (Anay): 1:00
- Nishit: 2:30 | Anay: 3:30

10/29/24, 4:00 - 6:30

- * Conducted a code review session for routing, controllers, and middleware.
- * Fixed minor bugs in the sign-up flow.
- * Nishit spent an additional hour refining the error handling mechanism.
- Collaborative Time: 2:30 | Individual Time (Nishit): 1:00
- Nishit: 3:30 | Anay: 2:30

11/12/24, 3:30 - 6:30

- * Tested the complete authentication system (Google sign-in, JWT, and dashboard).
- * Fixed minor issues with token storage in the browser.
- * Both Nishit and Anay spent an additional hour preparing for a presentation of the MVP.
- Collaborative Time: 2:30 | Individual Time (Both): 1:00
- Nishit: 3:30 | Anay: 3:30

11/18/24, 3:00 - 5:30

- * Presented the MVP to peers and advisors.
- * Finalized plans for post-MVP improvements and next steps.
- * Nishit spent 30 minutes documenting API usage for the backend.
- Collaborative Time: 2:30 | Individual Time (Nishit): 0:30
- Nishit: 3:00 | Anay: 2:30
- Total Fall Hours Logged
- Nishit
- * Collaborative: 22:30
- * Individual: 22:30
- * Total: 45:00
- Anay
- * Collaborative: 22:30
- * Individual: 22:30
- * Total: 45:00
- Spring Semester

01/28/25, 3:00 - 5:30

- * Finalized updated feature list for Spring phase.
- * Delegated tasks for community sharing, adoption browsing, and vet search components.
- Collaborative Total Time: 2:30
- Nishit: 2:30 | Anay: 2:30

Project Hours Log (Up to April 5, 2025)

02/11/25, 3:00 - 5:30

- * Developed community post creation functionality (upload, caption, tags).
- * Integrated Firebase storage for media uploads.
- Collaborative Total Time: 2:30
- Nishit: 2:30 | Anay: 2:30

02/18/25, 3:30 - 6:00

- * Built vet locator module with Google Maps API.
- * Nishit spent an additional hour refining the API key security.
- Collaborative Time: 2:30 | Individual Time (Nishit): 1:00
- Nishit: 3:30 | Anay: 2:30

02/27/25, 4:00 - 6:00

- * Worked on dynamic UI for the pet food/adoption marketplace.
- * Anay spent 30 minutes debugging CSS breakpoints for responsiveness.
- Collaborative Time: 2:00 | Individual Time (Anay): 0:30
- Nishit: 2:00 | Anay: 2:30

03/10/25, 3:00 - 5:30

- * Completed marketplace listing component.
- * Connected backend API for filtered search results.
- Collaborative Time: 2:30
- Nishit: 2:30 | Anay: 2:30

03/24/25, 4:00 - 6:30

- * Implemented post sharing feed with real-time updates.
- * Nishit spent an additional 30 minutes styling the mobile view.
- Collaborative Time: 2:30 | Individual Time (Nishit): 0:30
- Nishit: 3:00 | Anay: 2:30

04/02/25, 3:30 - 6:00

- * Tested complete post lifecycle: create, display, delete.
- * Anay spent 1 hour implementing loading states and accessibility improvements.
- Collaborative Time: 2:30 | Individual Time (Anay): 1:00
- Nishit: 2:30 | Anay: 3:30
- * Finalized test cases and validation logic for new modules.
- * Nishit spent 30 minutes updating documentation.
- Collaborative Time: 2:30 | Individual Time (Nishit): 0:30
- Nishit: 3:00 | Anay: 2:30
- * Conducted a comprehensive project walkthrough and polish.
- * Both team members spent 30 minutes preparing Expo slides and poster.
- Collaborative Time: 2:30 | Individual Time (Both): 0:30

Project Hours Log (Up to April 5, 2025)

- Nishit: 3:00 | Anay: 3:00
- * Presented at Spring Expo, addressed live user questions.
- * Debriefed and summarized Spring phase efforts.
- Collaborative Time: 3:00
- Nishit: 3:00 | Anay: 3:00
- Total Spring Hours Logged
- Nishit
- * Collaborative: 25:00
- * Individual: 20:00
- * Total: 45:00
- Anay
- * Collaborative: 25:00
- * Individual: 20:00
- * Total: 45:00
